

Simplify your Everything.

## Simplify Everything.

Out of necessity, many firms are using multiple, standalone solutions to manage the day-to-day operations of their practice. From their accounting systems to document and email management, through to client management, every solution plays an important role. Those systems, however, create an extra layer of complexity.

There is tremendous power and time savings hidden within the simplicity of a streamlined approach. Clio's intuitive and robust design coupled with powerful integration functionality will smooth out your day-to-day workflow and uncomplicate your overly-complex life.

# The Problem

Critical drivers.

Which of the following is the most likely change agent in the legal market?

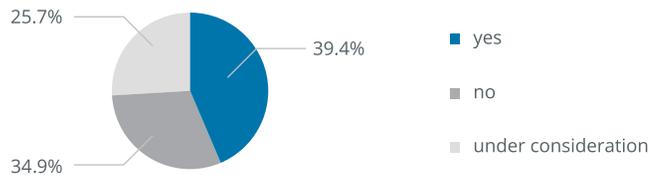

Don't get left behind. Technology is seen as a critical driver of change in the legal market in the coming year's.

It starts with change.

Has your firm significantly changed its strategic approach to efficiency of legal service delivery?

Many law firms feel pressure to change elements of their business model to stay competitive in the post-recession economy. However, 61% of firms have not significantly changed their strategic approach to efficiency of legal service delivery.
